CHARLOTTE, N.C. -- Police arrested two men after they stole a truck from Husqvarna Forest and Garden on Statesville Road in north Charlotte, then led police on an elaborate chase.

The truck had a GPS system in it and Charlotte-Mecklenburg police officers were able to track the truck to a BP station on Sugar Creek Road.

When they stopped the truck, police arrested one suspect, but the second ran from the scene. He then jumped on board a freight train, then jumped off near the Oakbrooke neighborhood. A K-9 unit tracked him down on Starmount Avenue.

Medic treated the suspect for injuries on the scene.

The names of the suspects have not yet been released.
